**Worldwide Hosted and Premises PBX Market 2021-2027 And Managed Services** is published by The Eastern Management Group in the fourth quarter of 2021.

Researching and forecasting the worldwide deployment of PBX systems reflects a significant undertaking by The Eastern Management Group.

To create the report, we gathered global data both from vendors and customers.

Bringing this report together required completed surveys from more than 49,000 Information Technology (IT) managers and technology vendors worldwide. Surveys were done by the Eastern Management Group with businesses ranging in size from one employee to more than a million in 19 vertical markets and seven world theaters.

To this information, the Eastern Management Group added 35 years of quarterly PBX market data from our Monitor<sup>SM</sup> reports. All of the gathered intelligence was used in models and analyzed by our consulting team in order to produce this landmark 160-page report.
