Appendix B	About The Eastern Management Group
Appendix C	Contact

## About The Eastern Management Group

The Eastern Management Group is a global communications research and management consulting firm that serves an array of communications service providers, technology firms and other institutions. We are one of the top communications research and consulting businesses in the world. Since our founding in 1979, we have maintained a concentration on global markets and vertical industries. And because we know products, services, applications, markets, suppliers and customers, we are able to conduct research and consulting assignments that meet our clients' needs.

The Eastern Management Group researches and advises clients on markets, practices, and operations. Our expertise, industry contacts, database, and analytical skills help thousands of clients manage effectively in an ever changing technology world.

With a database of market information built and managed over decades, the information we collect, retain, and have available to our analysts and clients, is unparalleled.
